Detail of Issue/Request:

In 2009, the Board of Trustees included money in the 2010 budget to conduct a Parks, Open Space, and Trails (POST) Master Plan. A Great Outdoors Colorado grant was also obtained to supplement the funds allocated in the Town's budget.

Throughout 2010, Town staff has worked with consultants Winston Associates to gather community feedback, empirical data, and analyze Town standards and requirements related to parks, open space, and trails. As a result of stakeholder meetings, two public meetings, meeting with the Parks and Open Space Commission and the Board of Trustees, considering feedback from multiple individuals, as well

as time spent creating an inventory of facilities within Town, the attached draft Parks, Open Space, and Trails Master Plan has been created.

The purpose of the discussion is to receive feedback on the draft plan in all forms. In addition to being given to the Board of Trustees, this draft has been shared with staff, the Parks and Open Space Commission, and has been posted on the project website for feedback from the public. All recommended changes will be worked into a final document that will be presented for consideration at the December 14th, 2010 meeting.

Legal/Political Considerations:

None at this time.

Alternatives/Options:

The Trustees may recommend any changes they see fit.

Financial Considerations:

Not Applicable.

Staff Recommendation:

Staff recommends a thorough review of the document and feedback to be provided.
